Windshield Mounting

- Step 1. Find a safe location on the interior of the vehicle's windshield to mount the pedestal. Firmly push the suction base (A) against the windshield and flip the base lever down (B) to the locked position. See diagram below.

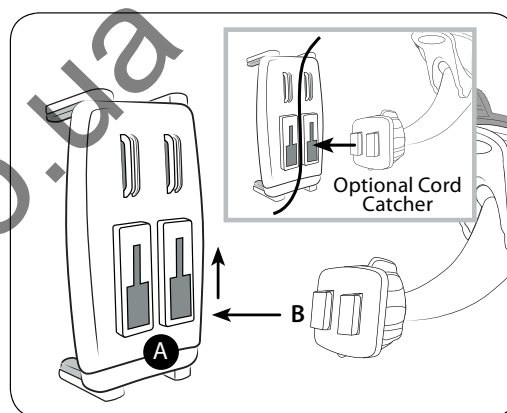

Install the Support Legs to the Holder

- Step 1. Insert the holder support legs (A) by sliding them into the support leg grooves (B) on the top and bottom of the holder.

Connecting the Slim-Grip™ Holder to Dual T-Tab Pedestal

- Step 1. Connect the dual T-slots (A) on holder to the dual T-tabs (B) on the pedestal head.

Insert Phone into Holder

- Step 1. Secure holder with your hand for support, as spring-loaded mechanism requires significant force to operate. Hold your phone and insert into universal holder by pushing down on the bottom spring-loaded support legs with moderate amount of pressure (C). Slide the top of the device under the top support legs (D) until it fits snugly in the holder.

SM515 | IPM515 Slim-Grip™ Mini Windshield Suction and Dashboard Smartphone Mount

Adjusting Holder to Fit Phone

Step 1. If necessary, adjust the support legs (E) on top and bottom by sliding them laterally to avoid any buttons or ports that may be on your phone.

Dashboard or Console Mounting Instructions

Step 1. Choose a suitable location for disc (and pedestal) installation. **Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road or hinder vehicle operation.**

Step 2. Clean the dashboard or console surface area thoroughly with the included alcohol pad. Allow the area dry before applying the mounting disc.

Step 3. Remove the paper backing of the disc and place on the cleaned surface. Press the top of the disc down firmly to allow the adhesive to stick to the surface. Allow 24 hours for the adhesive to cure to the surface before applying any pressure.

Step 4. Place the suction cup of the pedestal firmly down on the center of the mounting disc and lower the securing lever.

Continued in next column...

Step 5. Push the pedestal suction cup (A) down onto the disk (C). Flip the lever (B) down to secure the suction cup. Adjust the angle of the pedestal head as needed.

Fitting for Larger Phones

For larger phones such as the T-Mobile G2 and Motorola Droid X, install the two included extra long support legs

Step 1. Insert the extra long support legs (A) by sliding them into the support leg grooves (B) on the bottom of the holder.

Insert Phone into Holder

Step 1. Secure holder with your hand for support, as spring-loaded mechanism requires significant force to operate. Hold your phone and insert into universal holder by pushing down on the bottom spring-loaded support legs with moderate amount of pressure (C). Slide the top of the device under the top support legs (D) until it fits snugly in the holder.
